

Manly Arts & Craft Market

OPEN every Saturday and Sunday between 9am – 5pm

The **Manly Art & Craft Markets** are a must see if you are visiting Manly on the weekend.

The surprising thing about the Manly Markets is that no matter how many times you take a stroll through, you'll always find something new and interesting. That's because, in addition to our regular weekly artists, we have a large contingent of regionally-based or interstate artists and craftspeople, who use the Manly Markets as their weekend retail outlet when visiting Sydney.

From the unusual to the unique, an impressive showcase of local handmade Australian arts and craft are on display with plenty to appeal to both locals and visitors.

Unique handmade arts and crafts are a highlight with many works inspired by the local landscape, culture and lifestyle. Jewellery, paintings, photography, sculptures, homemade body care products and souvenirs can all be found here.

HOW TO GET THERE
